SW Engineer – Internship in UI team

This position is part of our **Global Internship Program**, allowing new talents to show themselves, improve, and thrive with our support. It is an **on-site paid internship** at our site in **Brno** in **The Czech Republic**. The length is limited – for **3 months**, for full-time employment – **40 hours per week**. The start of the internship is the **1st of July** 2026 and the end of the internship is the **30th of September** 2026. This internship **cannot** be done **remotely**.

 We work in hybrid mode 3+2, a **minimum of 3 days at the office** with mandatory Tuesdays and Wednesdays and a maximum of 2 days at the home office per week.

The location of our office is Holandská 873/6, Brno – Štýřice, 639 00.

We employ only via employment contract – **FTE** (HPP).

We are looking for an Software Engineer Intern to join our local Engineering team in Brno. You will contribute to the development of front-end frameworks for SolarWinds products, supporting product teams and building reusable UI components, such as dashboards, widgets, filter lists, and other elements.

Responsibilities:

- Develop and maintain front-end components and frameworks used across SolarWinds products.

- Collaborate with teams in Brno, Ukraine, and the US to deliver a high-quality and scalable framework.

- Support product teams by providing scalable and reusable UI components.

Technologies:

- Angular, JavaScript, C#

What We Offer:

- Hands-on experience with mostly front-end technologies.

- Opportunity to work in an international team with experienced engineers, an engineering architect, a Product Owner and an Engineering Manager.

- Potential to continue in a part-time/full-time role after successful completion of the internship
