

## Software Engineering Intern – Online Demos

This position is part of our [Global Internship Program](#), allowing new talents to show themselves, improve, and thrive with our support. It is an **on-site paid internship** at our site in **Brno** in **The Czech Republic**. The length is limited – for **3 months**, for full-time employment – **40 hours per week**. The start of the internship is the **1st of July 2026** and the end of the internship is the **30th of September 2026**. This internship **cannot** be done **remotely**.

We work in hybrid mode 3+2, a **minimum of 3 days at the office** with mandatory Tuesdays and Wednesdays and a maximum of 2 days at the home office per week.

The location of our [office](#) is Holandská 873/6, Brno – Štýřice, 639 00.

We employ only via employment contract – **FTE** (HPP).

### About the Team & Product

Are you someone who wants to take the next step in your career? Join SolarWinds and help shape the future of our **Online Demo experiences**! As a **Software Engineering Intern** on the Online Demo team, you'll have a significant impact on the growth of our business by building interactive demos that showcase the value of our products to customers and prospects.

You'll be part of a self-organized scrum team working based on Agile principles, collaborating closely with product marketing, UX, and engineering teams to deliver high-impact demo experiences.

### What You'll Do

- Build features in **.NET C#** and/or **React** for Online Demos—from requirement discovery through design, implementation, testing, and release.
- Use **AI tools (e.g., GitHub Copilot)** and contribute to product experiences that leverage LLMs where appropriate.
- Collaborate in scrum: stand-ups, planning, demos, retros, and code reviews with quality gates and CI/CD workflows.
- Shadow and support basic **networking tasks** in the demo lab (IP addressing/subnets, **DNS/DHCP, NAT/VLANs**), and run **synthetic checks** for connectivity/latency.
- Observe/assist low-risk activities around **firewalls, load balancers, routers/switches/APs** (lab-only), following runbooks and best practices.

Spielberk Office Centre  
Holandská 873  
Brno-střed

## Technologies You'll Touch

- **Backend:** .NET C#, REST/GraphQL APIs
- **Frontend:** Angular, TypeScript, testing frameworks
- **DevOps / Cloud:** GitHub Actions / CircleCI / TeamCity, Docker, Kubernetes, AWS/Azure, Helm
- **Observability & Data:** MS SQL basics, OpenTelemetry, Prometheus/Grafana, logs/metrics/traces
- **Networking (lab exposure):** DNS/DHCP, NAT/VLANs, routing/switching fundamentals; concepts behind **firewalls** and **load balancers** (e.g., **Cisco, F5, Palo Alto**)

## What We're Looking For

- You're a student (or recent graduate) in CS/SE or a related field.
- Hands-on basics in **C#** or **JavaScript/TypeScript** (coursework/projects/contributions).
- Familiarity with **Git** and **CI/CD**; eagerness to learn cloud/containerization concepts.
- Curiosity for **observability** and networking fundamentals (IP addressing, DNS/DHCP; packet analysis at a basic level).
- Collaborative, proactive communicator in **English**; comfortable asking questions, iterating, and documenting.

## Nice to Have (growth signals, not requirements)

- Coursework or lab experience with **routing/switching, VLANs/NAT**, or entry-level firewall concepts; **CCNA-track** classes or equivalent projects.
- Exposure to **SNMP/NetFlow/IPFIX** or building synthetic checks.
- Experience with **PowerShell/Bash** scripting and simple IaC.

## What You'll Get

- Real product development in cloud SaaS used by global customers, plus hands-on demo lab experience.
- Mentorship from experienced engineers across software and lab operations; full lifecycle exposure.
- A great team culture – join our ceremonies, demos, and events.

- **Brno office perks:** on-site gym, workout lessons, yoga; modern space and social events.
- **Hybrid flexibility (3+2)** with strong on-site collaboration rhythms.

**Our benefits:**

- 25 days of vacation per year
- 3 sick days per year
- 2 volunteering days per year
- Cash allowance for meal 95CZK per working day
- Unlimited access to LinkedIn Learning
- 
- English/Czech classes
- Multisport card
- Giving – Donation Matching
- Employee Assistance
- Competitive Race Reimbursement
- Breakfast on Wednesdays
- Fresh fruits and snacks on Mondays
- Learning days
