

SWO Logs – Summer Internship

This position is part of our [Global Internship Program](#), allowing new talents to show themselves, improve, and thrive with our support. It is an **on-site paid internship** at our site in **Brno** in **The Czech Republic**. The length is limited – for **3 months**, for full-time employment – **40 hours per week**. The start of the internship is the **1st of July 2026** and the end of the internship is the **30th of September 2026**. This internship **cannot** be done **remotely**.

We work in hybrid mode 3+2, a **minimum of 3 days at the office** with mandatory Tuesdays and Wednesdays and a maximum of 2 days at the home office per week.

The location of our [office](#) is Holandská 873/6, Brno – Štýřice, 639 00.

We employ only via employment contract – **FTE** (HPP).

We are a team of twelve developers – healthy mix of senior and junior experience. We are working on a product called SolarWinds Observability (SWO), which is a cloud-based solution for network, database, app, and log monitoring. Our focus area is log processing and display – as a user, you don't want to manually check a million log lines ingested per hour. You want to drill down to the issue and see relevant logs which describe recent issues on your system... or you want to be sure logs are ingested, monitored by our system and archived just in case.

Work is important, but we also offer a friendly atmosphere, refreshment, and occasional teambuilding events.

We are now seeking someone to help with our development and participate in all of its phases.

Your impact:

- You will be part of the team and work on assigned items
- While you will work under the supervision of a more senior colleague, there are plenty of opportunities for new ideas
- You can participate in architecture and design discussions
- You will participate in agile/scrum rituals: grooming, planning, and regular standup

Your experience:

Required:

- enthusiasm and team fit
- willingness to learn new stuff

Spielberk Office Centre
Holandská 873
Brno-střed
639 00

- school-based coding experience

Nice to have:

- experience with Java/Kotlin
- experience with Python
- experience with Front-Ends

Our benefits:

- 25 days of vacation per year
- 3 sick days per year
- 2 volunteering days per year
- Cash allowance for meal 95CZK per working day
- Unlimited access to LinkedIn Learning
- English/Czech classes
- Multisport card
-
- Giving – Donation Matching
- Employee Assistance
- Competitive Race Reimbursement
- Breakfast on Wednesdays
- Fresh fruits and snacks on Mondays
- Learning days
