

Presentation of Portugal

Cátia Queirós, José Pedro Mendes, and Nuno Carneiro

Faculty of Information Technology - Brno University of Technology
2019/20

Abstract

We are three exchange students in the course of Compiler Construction in Faculty of Information Technology VUT Brno, from Portugal.

In this presentation we will talk about our home country and institutions - University of Trás-os-Montes e Alto Douro (UTAD) and Faculty of Engineering of University of Porto (FEUP). We are going to present a little bit of our history in discoveries, some statistics, culture and traditions, main sports and achievements, places to visit and even fun facts.

In the end, we hope our audience had learned a bit more about our little nation and gained the desire to visit us some day.
